Professional Certificate

Automation & Workflow Design

2019-03 to 2019-06

Completed advanced courses on Zapier, Make.com, and N8N automation platforms.

Results-driven AI Automation Expert with over 5 years of experience designing and implementing scalable automation workflows using platforms like N8N, Make.com, and Zapier. Skilled at optimizing business processes to increase operational efficiency by up to 40% and reduce manual errors. Adept at integrating complex systems and training teams to adopt automation technologies. Passionate about leveraging AI-driven tools to transform business operations in fast-paced environments.

EXPERIENCE

Automation Developer

2018-09 to 2021-04

[InnovateX Nigeria](#) | [Lagos](#)

Focused on creating custom automation solutions for internal operations and client projects.

Automation Analyst

2018 to Present

[Fiverr](#) | [Lagos](#)

Supported senior automation engineers in workflow design and implementation.

AI Automation Specialist

02/2025 to 02/2026

[Kishronas Inc](#) | [New York](#)

At Kishronas Inc, I led the design and implementation of automated payroll systems to streamline salary processing and improve operational efficiency. I was responsible for managing end-to-end payroll operations, ensuring accurate and timely payment of staff salaries while maintaining compliance with company policies and financial regulations.
